

SANDWICH SHOPS

RADIANT SYSTEMS DELIVERS A COMPLETE, INTEGRATED HARDWARE SOLUTION FOR SANDWICH SHOPS AND

SANDWICH RESTAURANT CHAINS. THE ADVANCED POINT-OF-SALE TERMINALS AND PERIPHERAL DEVICES ARE BUILT FOR SPEED AND CONTINUOUS, RELIABLE OPERATION TO HELP YOU DELIVER THE FAST, CONSISTENT SERVICE THAT KEEPS YOUR CUSTOMERS COMING BACK. COMPONENTS OF THE HARDWARE SOLUTION INCLUDE:

P1210 Point-of-Sale

A value-oriented system that doesn't sacrifice quality or performance. The Radiant P1210 Point-of-Sale offers exceptional reliability, flexibility and solid performance at a low cost of ownership.

- ▶ Bright 12-inch color touch screen
- ▶ Fully-integrated, compact, tamper-resistant housing
- ▶ Four powered serial ports, two USB ports, one parallel port, two P/S2 ports and two dedicated cash drawer ports

P1500 Series Point-of-Sale

Advanced POS technology for an affordable price. The Radiant P1500 Series Point-of-Sale combines a durable design with the latest high-performance open technologies to offer unmatched speed, reliability and ease of use.

- ▶ Bright 15-inch color touch screen
- ▶ Advanced Intel® electronics
- ▶ Innovative cable restraint system to simplify installation and improve reliability
- ▶ Up to eight powered serial ports, four USB ports, one digital video port for dual display and two dedicated cash drawer ports

Order Confirmation Display

Show customers line-by-line detail of their entire order as it is entered and reduce order errors and cash theft. Display eye-catching point-of-purchase advertising to drive increased revenue from up-selling, up-sizing, product promotions and special offers.

- ▶ Supports full-motion video, logos and other graphics
- ▶ Powered by the POS (no dedicated power source required)
- ▶ Available with the P1500 Series POS only; pole mount or stand mount (shown)

Interactive Customer Display

Radiant's Interactive Customer Display provides customer order confirmation and dynamic multi-media advertising capabilities on a 12-inch color touch screen. An integrated card reader supports loyalty and credit card transactions, allowing customers to view their order history and pay for their orders quickly and easily.

- ▶ Bright 12-inch color touch screen display
- ▶ Supports full-motion video, animation, logos and other graphics
- ▶ Customer-facing magnetic stripe reader for credit card purchases and loyalty transactions
- ▶ Available with P1500 Series POS only

*Advanced features. Easy to implement. Affordable.
Technology that can take your business to the next level.*

Tablet-PC Handheld Point-of-Sale

Reduce lines and increase speed of service and customer throughput with a "line-busting" wireless handheld POS. Radiant's ergonomically designed Tablet-PC POS allows employees to take orders and seamlessly transmit them to the counter POS and kitchen.

- ▶ Bright 8.4-inch touch screen LCD with soft keyboard and programmable hard keys
- ▶ Hot-swappable secondary battery for extended usage
- ▶ Desktop cradle for charging with USB keyboard and mouse connections
- ▶ Optional peripherals: magnetic stripe reader and wireless printer

Time Clock

Radiant's Time Clock is a rugged, highly-reliable, easy-to-use time tracking device that accurately records all employee time and attendance data. It seamlessly communicates data to your labor management systems to help you better control labor costs.

- ▶ Various available data entry options: bar code, magnetic stripe or keypad
- ▶ Durable, tamper-resistant enclosure
- ▶ Integrated Ethernet networking
- ▶ 20 keys including standard 0 through 9 numeric keypad with * and # and six green/red colored keys for punch in/out, meals and breaks

Kitchen Production System (KPS)

Radiant's KPS graphically displays customer orders on monitors to help your associates prepare orders quickly and accurately. The solution includes solid-state Intel electronics, four diagnostic LEDs, audio feedback and 10/100 Base-T Ethernet networking in a rugged, durable enclosure.

- ▶ 15-inch flat panel LCD
- ▶ Completely sealed bump bar component with 16 programmable keys
- ▶ Connection to optional kitchen receipt printer
- ▶ Wall mount, ceiling mount and radial arm available

Epson Printers

Powerful, reliable, cost-effective printers from the leader in POS printer technology. Radiant offers the Epson TM-T88III thermal printer for POS receipt printing and Epson TM-U220B impact printer for kitchen printing. Both printers are fast, compact, user friendly and easily maintained.

- ▶ 5.9-inch/second print speed (Epson TM-T88III)
- ▶ Drop-in paper with auto cutter and take-up
- ▶ Ease-of-use features include Auto Status Back (ASB) messages
- ▶ Prints one original plus one copy (Epson TM-U220B)

Integrated Mini Keyboard

For restaurants with limited office space, Radiant's Integrated Mini Keyboard enables you to use the POS as your back office station. Use the keyboard to enter data, access information or run reports at the POS. It conveniently slides under the terminal when not in use.

- ▶ 86 quiet keys with laser printed key top legends
- ▶ Durable sliding metal tray
- ▶ USB interface

Hardware Integration Tray

When counter space is at a premium, Radiant's Hardware Integration Tray allows you to confine the POS, cash drawer and printer to a compact area. It provides a dedicated place for all three devices, while concealing cables for a clean look.

- ▶ Integrates Radiant's P1500 Series POS, Epson printer and M-S 16-inch Cash Drawer
- ▶ Made from quarter-inch molded ABS plastic
- ▶ Small counter-top footprint: 22.5" W, 18.5" D, 5.5" H
